Enhance your self-development through our Global Leadership Programme, featuring live guest lectures, online workshops, and industry connections.

Future-proof your career.

Stay ahead of emerging trends and seize new opportunities with expert guidance and the latest sector insights.

Our comprehensive curriculum

Step into a dynamic world where business strategy and project execution intersect.

Looking to gain stand-out expertise in today's project-driven world? This multidisciplinary degree blends essential global business management concepts with practical tools for leading complex projects across borders. You'll gain a deep understanding of managing global operations and performance while mastering project management frameworks to drive projects forward with efficiency and precision.

You'll innovate and optimise processes in diverse business contexts — from supply chain management to strategic marketing — while developing the skills needed for successful project execution and leadership in a fast-paced international marketplace. With this dual focus, you'll be equipped to manage high-level strategies and lead projects that deliver tangible, global business results.

You'll walk away ready to:

- Apply strong analytical thinking, strategic approaches, and communication skills to tackle global challenges.
- Lead organisational change, putting change management principles into action.
- Assess emerging trends in project management, preparing you for the fast-evolving, large-scale projects.
- Conduct independent research and apply advanced digital marketing and data analytics techniques to real-world challenges.

Engaging modules at your convenience

With Roehampton Online, learning is possible anywhere, anytime, and in any way. In this programme, you'll work through each forward-looking, research-driven module at your own pace, allowing you to balance your studies and personal commitments with ease.

You'll engage in a blend of hands-on learning and innovative assessments, applied projects, and a practical dissertation to challenge your analytical thinking and problem-solving skills to prepare you for the real world.

Compulsory Modules:

- Global Strategic Management
- Leadership and Change Management
- Financial Performance Management
- Business Research Methods
- Supply Chain Strategy and Processes
- Applied Research or Consultancy Project (Dissertation)

Elective Modules (select two):

- Strategic Project Management
- Managing Agile Projects
- Contemporary Issues in Project Management

Global Strategic Management

Build the expertise to craft and implement corporate strategies on a global scale, integrating sustainability, data-driven decision-making, and stakeholder relations to drive business success.

Leadership and Change Management

Learn how to lead organisations through change, mastering the strategies to manage cultural differences, employee engagement, and leadership effectiveness in an evolving business environment.

Financial Performance Management

Gain the skills to manage financial resources effectively, using tools like budgeting, the balanced scorecard, and cost analysis to drive organisational performance and support strategic decision-making.

Business Research Methods

Master the research techniques needed for your capstone project, from design and data analysis to ethical considerations, while developing the critical skills necessary to address real-world business challenges.

Supply Chain Strategy and Processes

Explore global supply chain strategies and processes essential for success. You'll learn how to integrate materials, services, and information for optimal performance.

Strategic Project Management (Elective)

Master the integration of technical and soft skills required for successful project management. Evaluate case studies and current research to understand the evolving role of project managers and the rise of project-centric organisations globally.

Managing Agile Projects (Elective)

Gain expertise in Agile project management, focusing on iterative delivery, self-empowered teams, and prioritising business benefits. Prepare for the AgilePM Foundation certificate and understand Agile principles in broader business contexts.

Contemporary Issues in Project Management (Elective)

Explore emerging trends in project management, critically analysing global issues impacting the field today. Develop critical-thinking skills to evaluate new research and challenge traditional practices in project management.

Applied Research or Consultancy Project (Dissertation)

Tackle a real-world business challenge by critically analysing an identified problem and delivering a theory-based, actionable solution. This project allows you to apply your knowledge and skills to make a meaningful impact.

Entry requirements

Higher education requirements

This programme equips you with the strategic, analytical, and practical skills needed to succeed in managing projects within dynamic environments. To be eligible, you should hold a second-class honours degree, in any discipline, or an equivalent business-related qualification. However, the University of Roehampton encourages non-graduates with appropriate professional qualifications and those with third-class honours degrees to apply.

English language requirements

This programme is taught in English. Non-native English speakers are required to demonstrate an English-language proficiency equivalent to IELTS 6.5 overall, with no component below 5.5, or TOEFL 600. If your IELTS score is 6.0, you may be eligible to take Roehampton's online pre-sessional English course to help prepare for your studies.

Your programme leaders

Dr Alison Watson

Professor Alison Watson is a senior academic leader specialising in leadership, sustainable development and accreditation. Formerly a Head of School at Arden University she oversaw student success and outcomes for 12,000+ students and delivered a globally recognised MBA redesign. A Principal Fellow of AdvanceHE, Chartered Manager (CMI) and Chartered Marketer (CIM), her research covers marketisation of HE, segmentation, student recruitment and e-learning, with current work on responsible leadership. She holds an MBA (Leicester) and a PhD (Teesside).

Dr. Maria Argyropoulou brings extensive academic and managerial experience to the Roehampton campus. Over the past decade, she has focused her research on entrepreneurial economics and organisational studies. Her expertise spans business development, management, innovation, leadership, information technology, strategic management, and marketing management.

Dr Maria Argyropoulou

Support from day one

Online learning doesn't mean you have to navigate your educational and professional journey alone. We're here to help with a range of our student support services:

Financial support

We're committed to helping you invest in your academic journey without overwhelming your finances, offering financial support options to accommodate your needs.

Technical support

To ensure you receive a seamless online learning experience, our on-demand technical support team will be there to answer any technology-related issues or questions you have.

Admissions support

Our admissions team is here to assist you at every step of the enrolment process. They're happy to answer any queries you have throughout your online journey.

Study support

We offer extensive academic resources and study support services to enhance your learning and success, all available from day one.

Take your future further

At Roehampton, we recognise that acquiring the right skills is essential to securing your dream career. That's why employability is central to all our online degree programmes.

Beyond the valuable knowledge gained through our modules, we offer a range of career services to further boost your chances of achieving your professional goals.

Here are just a few of the resources available to you as an online postgraduate student at Roehampton:

CareerLink: Our online career services tool offers CV builder support, interactive mock job interviews, volunteering and jobs directories, skills courses, and more.

Handshake: Roehampton's career services app of choice connects you with top employers and allows you to discover employment opportunities.

Career advisors: Set up an appointment with one of our career advisors to get advice on career planning, job applications, and interviews.

On-demand webinars: Hear from experts and gain essential insights to help you make informed decisions about your career and academic future.
