# Engaging modules at your convenience

## **Financial Performance Management**

Explore the financial aspects of managing organisations both domestically and internationally. Focus on financial resource management, budgeting, and accounting systems to optimise performance and decision-making.

## **Strategic Investment Appraisal**

Learn how to effectively allocate financial resources to business units, projects, and key activities across both international and domestic contexts. Apply techniques for international capital investment and risk appraisal to strategic options, enhancing your understanding of global investment decision-making.

## **International Corporate Finance**

Examine corporate finance decisions involving equity and debt management, as well as trade credit and overdraft facilities. Use analytical tools to evaluate financial data, including gearing and liquidity ratios, and interpret financial statements and stock market indices to assess capital structure, working capital, and cost of capital.

## **Financial Management and Decision-Making**

Gain a comprehensive understanding of financial management at both domestic and global levels. Study the use of accounting and budgetary systems in managerial planning, decision-making, and control. Master analytical tools such as the balanced scorecard, key performance indicators, and cost-volume-profit analysis to optimise financial performance.

## **Global Strategic Management**

Navigate the complexities of international business with a focus on corporate strategy and social responsibility. Understand how sustainability practices shape international business policies, stakeholder relationships, and strategic decisions.

## **Strategic Marketing**

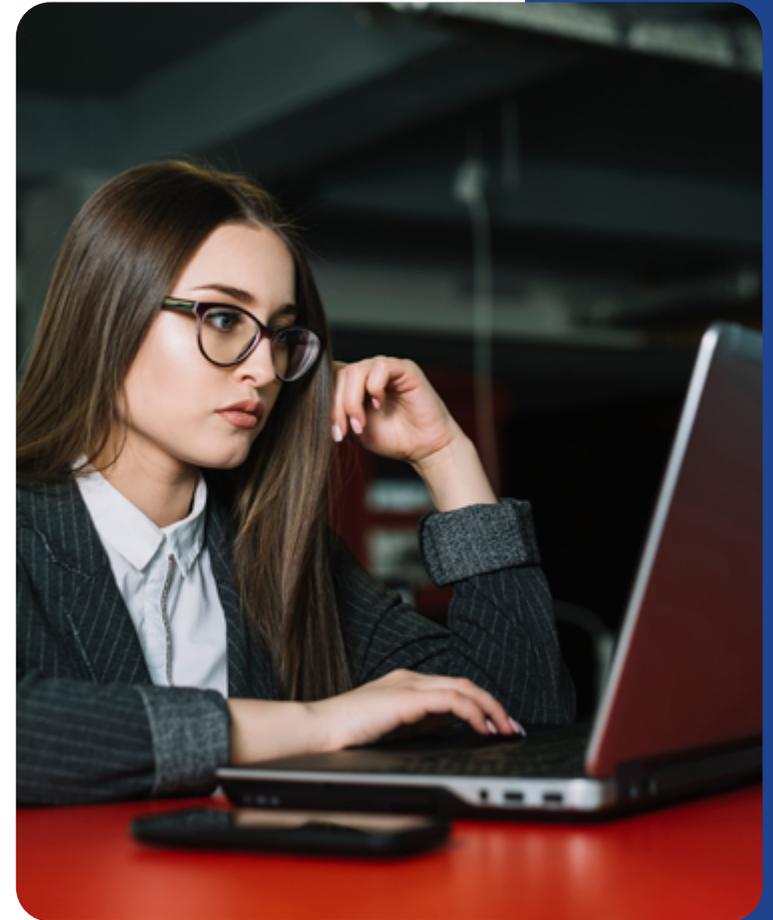

Learn how global companies develop and implement marketing strategies to drive customer value and competitive advantage. Apply concepts such as market orientation, segmentation, and the marketing mix to real-world international business scenarios.

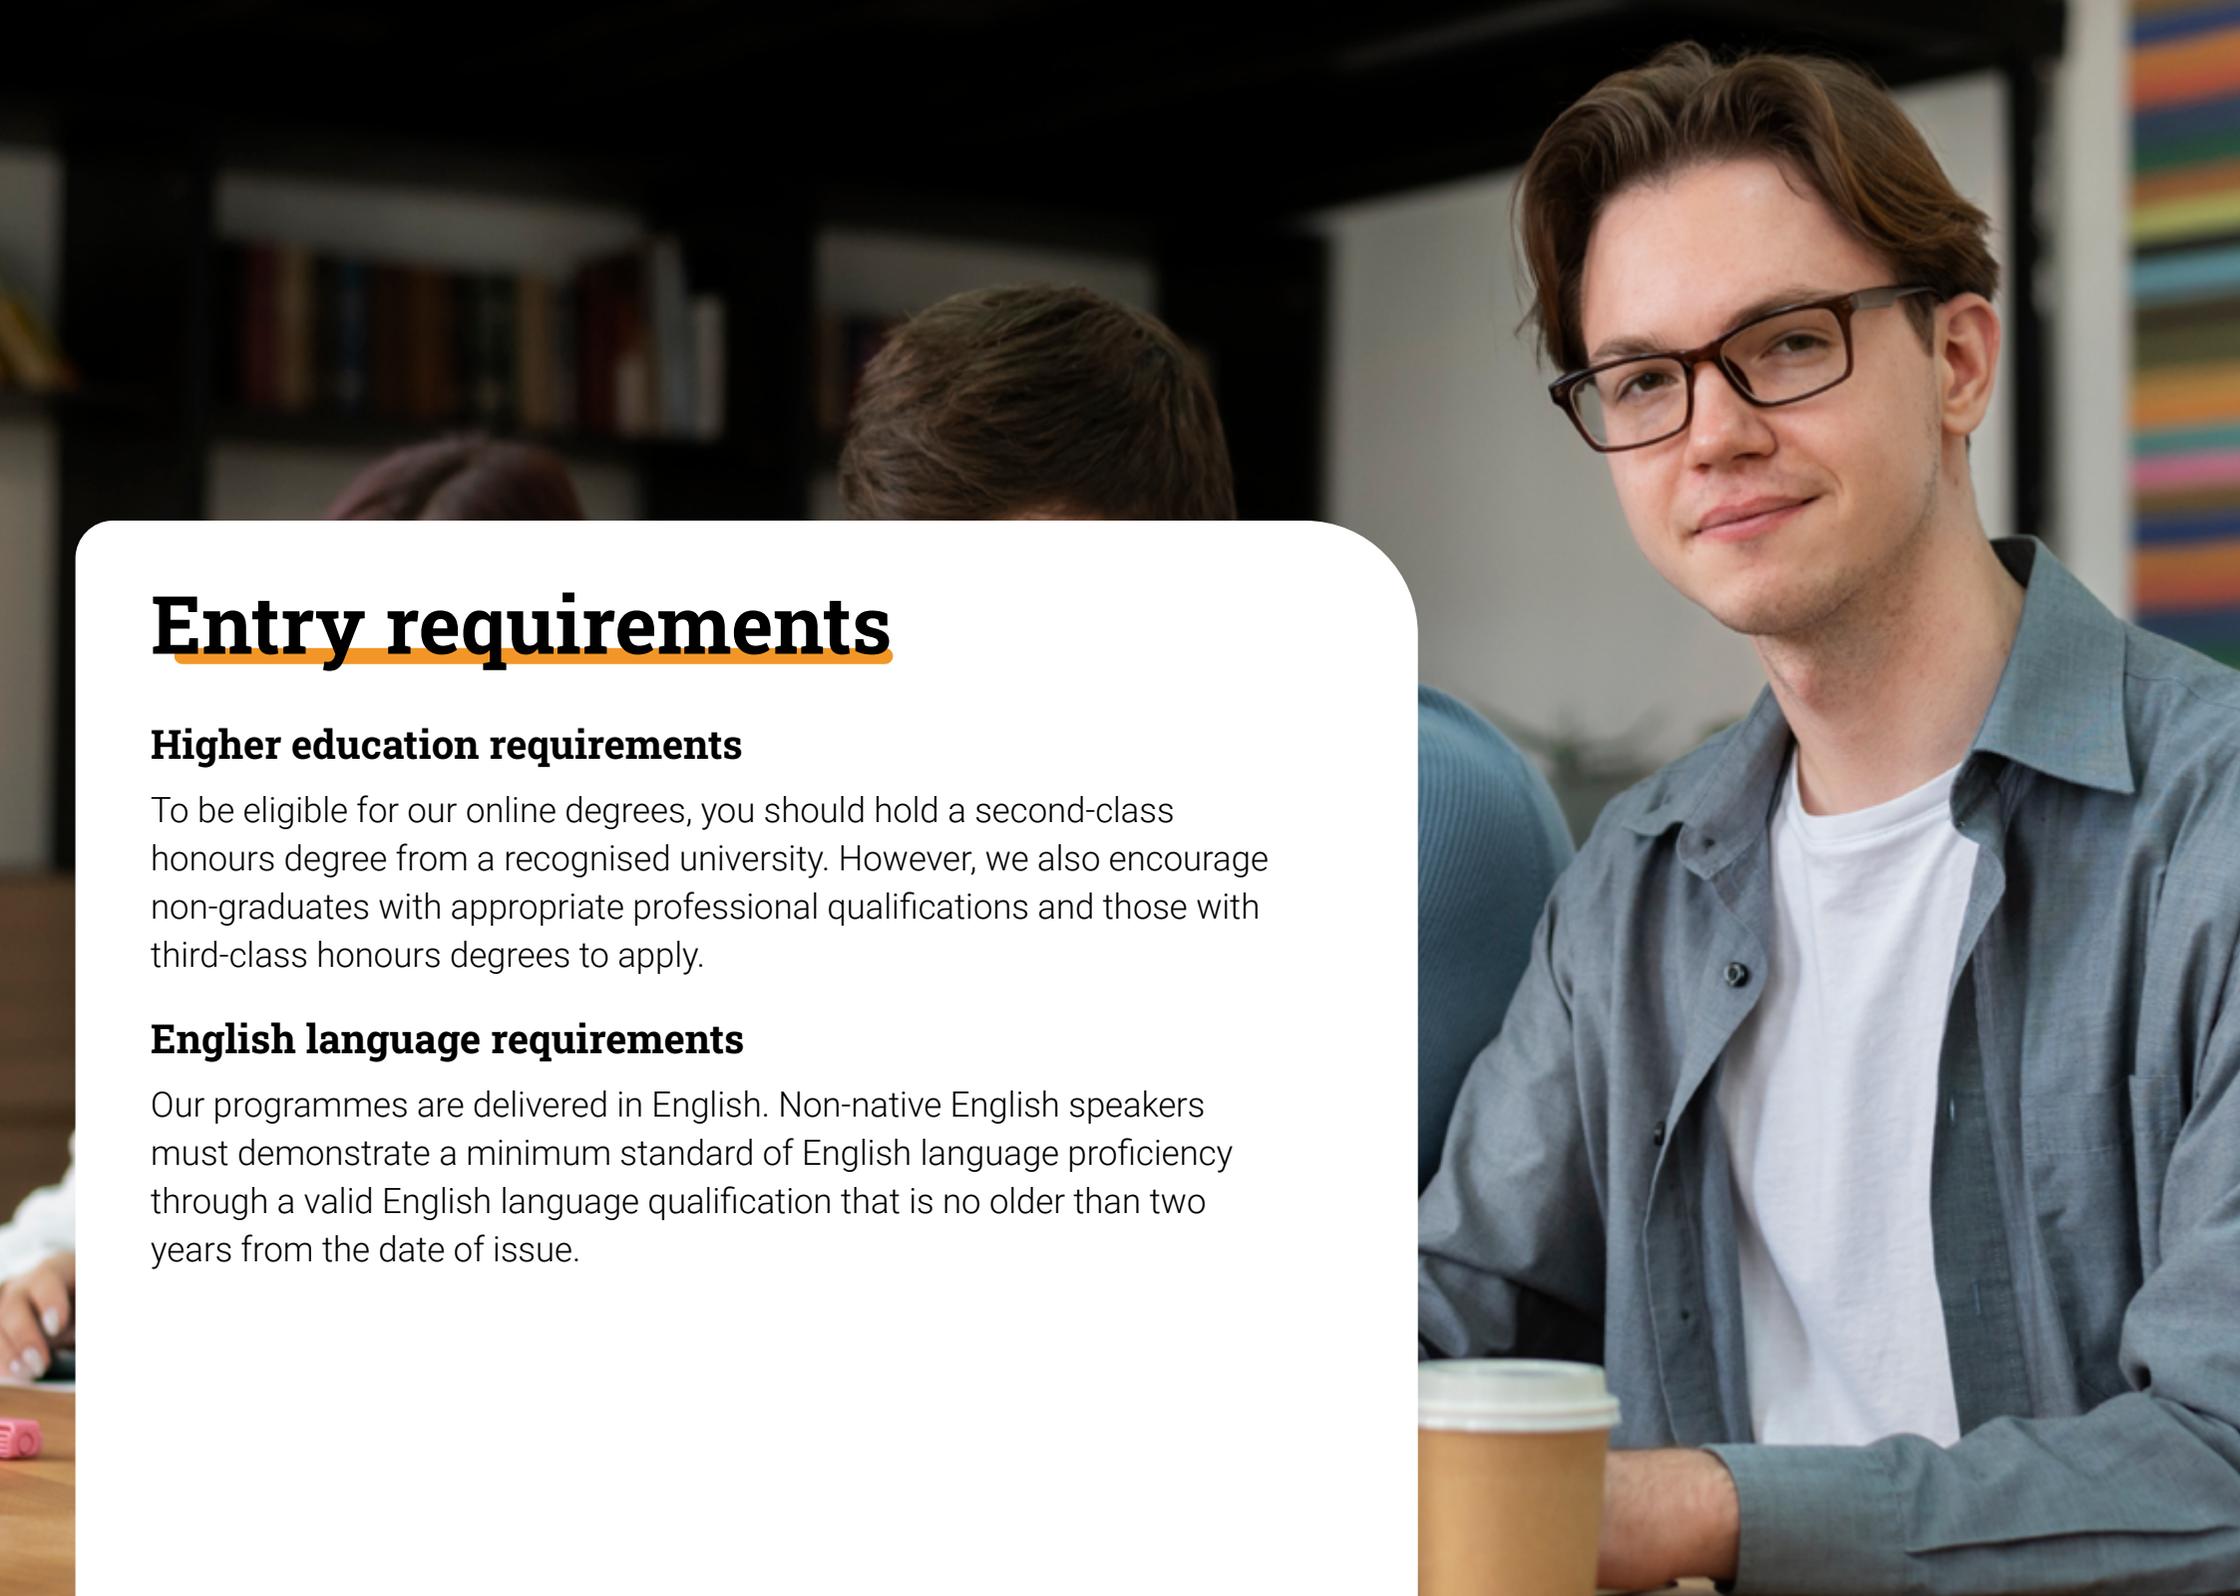

## **Leadership and Change Management**

Enhance your leadership capabilities and strategies for managing organizational change. This module provides insights into leading transformation initiatives and fostering adaptability, crucial for achieving positive outcomes in dynamic business environments.

## **Dissertation or Consultancy Project**

Apply your knowledge to a deep study of a specific issue in the field, consolidating your learning from the programme.
