You'll engage in a blend of hands-on learning and innovative assessments, applied projects, and a practical dissertation to challenge your analytical thinking and problem-solving skills to prepare you for the real world.

- Strategic Project Management
- Strategy in Practice
- Contemporary Issues in Project Management
- Managing Agile Projects
- Project Risk Appraisal and Management
- Leadership and Change Management
- Business Research Methods
- Dissertation or Consultancy Project

Engaging modules at your convenience

Strategic Project Management

Develop a comprehensive skill set for effective project management by mastering both technical and interpersonal aspects. This module emphasizes the scientific principles and essential soft skills required to manage people and drive change.

Strategy in Practice

Learn to apply key strategic tools like Value Chain, VRIO, CAGE, and TOWS for business improvement. This module also covers the strategic roles of Mergers and Acquisitions and Strategic Alliances, providing a holistic view of growth strategies in practice.

Contemporary Issues in Project Management

Examine the latest trends and challenges in project management through global research and contemporary practice. Develop critical-thinking skills to engage in current debates and rethink traditional approaches to project management.

Managing Agile Projects

Immerse yourself in agile project management methodologies, using practical materials from the Agile Alliance and PMI. This module demystifies technology outputs and applies agile principles effectively across various project types.

Project Risk Appraisal and Management

Learn to identify and manage risks affecting projects through a range of risk management frameworks. This module equips you with the tools to handle risk across diverse projects, from IT and events management to construction and business mergers.

Leadership and Change Management

Enhance your leadership capabilities and strategies for managing organizational change. This module provides insights into leading transformation initiatives and fostering adaptability, crucial for achieving positive outcomes in dynamic business environments.

Business Research Methods

Learn essential research techniques for business and management. Explore different research approaches, critically evaluate factors affecting research quality, and effectively use academic literature.

Dissertation or Consultancy Project

Apply your knowledge to a deep study of a specific issue in the field, consolidating your learning from the programme.

Entry requirements

Higher education requirements

To be eligible for our online degrees, you should hold a second-class honours degree from a recognised university. However, we also encourage non-graduates with appropriate professional qualifications and those with third-class honours degrees to apply.

English language requirements

Our programmes are delivered in English. Non-native English speakers must demonstrate a minimum standard of English language proficiency through a valid English language qualification that is no older than two years from the date of issue.

Your programme leaders

Dr Alison Watson

Professor Alison Watson is a senior academic leader specialising in leadership, sustainable development and accreditation. Formerly a Head of School at Arden University she oversaw student success and outcomes for 12,000+ students and delivered a globally recognised MBA redesign. A Principal Fellow of AdvanceHE, Chartered Manager (CMI) and Chartered Marketer (CIM), her research covers marketisation of HE, segmentation, student recruitment and e-learning, with current work on responsible leadership. She holds an MBA (Leicester) and a PhD (Teesside).

Dr. Maria Argyropoulou brings extensive academic and managerial experience to the Roehampton campus. Over the past decade, she has focused her research on entrepreneurial economics and organisational studies. Her expertise spans business development, management, innovation, leadership, information technology, strategic management, and marketing management.

Dr Maria Argyropoulou

Support from day one

Online learning doesn't mean you have to navigate your educational and professional journey alone. We're here to help with a range of our student support services:

Financial support

We're committed to helping you invest in your academic journey without overwhelming your finances, offering financial support options to accommodate your needs.

Technical support

To ensure you receive a seamless online learning experience, our on-demand technical support team will be there to answer any technology-related issues or questions you have.

Admissions support

Our admissions team is here to assist you at every step of the enrolment process. They're happy to answer any queries you have throughout your online journey.

Study support

We offer extensive academic resources and study support services to enhance your learning and success, all available from day one.

Take your future further

At Roehampton, we recognise that acquiring the right skills is essential to securing your dream career. That's why employability is central to all our online degree programmes.

Beyond the valuable knowledge gained through our modules, we offer a range of career services to further boost your chances of achieving your professional goals.

Here are just a few of the resources available to you as an online postgraduate student at Roehampton:

CareerLink: Our online career services tool offers CV builder support, interactive mock job interviews, volunteering and jobs directories, skills courses, and more.

Handshake: Roehampton's career services app of choice connects you with top employers and allows you to discover employment opportunities.

Career advisors: Set up an appointment with one of our career advisors to get advice on career planning, job applications, and interviews.

On-demand webinars: Hear from experts and gain essential insights to help you make informed decisions about your career and academic future.
